

Lansdale parsonage. This is where we spent the last 3 days of June. Painted most of the interior, except powder room, foyer, stairway and second floor hall. Replaced cracked master bathroom 2 bowl vanity top and installed new faucets, replaced all three toilet seats, installed crown moulding in dining room (faster to do this than drywall repair). New garage door opener, replaced all carpeting ( 2nd floor to be done on July 18th), fixed front storm door with new closers that have backer plates, fixed garage service door entry to home with new latch, adjusted rear sliding patio door so it will lock at jamb, made drywall repairs to kitchen ceiling (loose tape joint seams) and corrected odor problem in crawl space.

approx. total: \$8,998.00

June 2nd: all church workday. installed mulch, general outdoor work, cleared clogged drain pipe in front of door 20 and some interior work. 13 to 15 people attended.

Respectfully submitted,

Jim McCloud, President of Trustees
