

SPRC Church Council Report

January 2013

Our church has had many changes over the last few years, and our committee has commenced looking at the work of the church as a whole and how we ensure that this work is done effectively and efficiently. It should be no surprise to anyone reading this that our staff have not had the easiest year in 2012, and SPRC will be working on the twin goals of ensuring we support and care for all our staff, as well as ensuring we have the right match of people and responsibilities for the coming years. It should also be no surprise that our budget is very tight and we need to look at how to be faithful to the church's financial position.

We have started work on this since November, and have been very fortunate to have had Rich Kaffka working on SPRC and keeping us very closely advised as to the financial needs of the church. This work will be ongoing over the start of next year, and we will be keeping church council apprised of any decisions we make.

We would also like to report that SPRC was able to take the staff out to a Christmas lunch, which was an excellent time of friendship and I hope serves to stress how highly we value them!

SPRC Chair

Graham Wills
