 - Flights scheduled
- Planned activities
 - Continued relationship building with Danli Central United Methodist Church. We hope to attend several worship services there.
 - Children Bible School. We are hoping to create puppets and do a prerecorded show in Spanish before we go. In addition we will have games and other crafts for the children. Allison Buckland is the lead on this with help from Maria Wilcox.
 - Water Project. This is a repeat project from last year. Maria Wilcox is a fully trained leader for the project. We hope to provide 60 buckets with filters and train the women on how to use them and take long term care of the buckets and filters.
 - Construction at the Danli Central United Methodist Church. We will be working on the multipurpose room.
 - Fellowship among the team and with the people of Honduras.
- Financials
 - Six attendees are on scholarship. We have had generous contributions to these scholarships from within our church and from a member of Wesley.
 - We appear to have sufficient funds for the trip.
 - Full accounting at the next meeting.
