

## Evangelism Committee Report for Community Church Council – September 9, 2015

Red bags are being delivered to first time visitors. I now am the coordinator of the greeting teams.

I have five members of the committee and I am contacting several church members to be on the Evangelism Committee. I will be announcing the Evangelism committee meeting and inviting others to be on the team.

Evangelism Committee will meet in late September

Agenda of the meeting will include brainstorming ideas to improve our invitation, welcome, and assimilation.

The committee working in consultation with the pastors, will developing strategic plans to improve our welcome, our ability to invite persons, and including visitors and new members into the life of the church. The committee will be developing plans to give special attention to “entry points” such as: fall start-up of Sunday School and youth programs, Christmas, and Easter.

I have met with persons who have been active in previous Evangelism committees and I am studying previous church growth planning at CUMC.

I plan to attend the Church Growth Workshop at Church of the Resurrection in Kansas City, MO from Sept. 30 to Oct 2, 2015.
